Chapter 1 - Resolved Issues

The following issues were resolved with Medisoft® Release 18 SP2 Hotfix 2.

TD	Application	Description
23531	Registration	This update alleviated the inability of some new customers to register their products. Steps to recreate 1. Install Medisoft. 2. Follow the steps to register and verify that there are no errors.
23532	Core	You can now create new practices in Medisoft Network Professional. Previously, the installation of Advantage 11.10 was preventing users from creating new practices. Steps to recreate 1. On the File menu in Medisoft, select **New Practice**. The Create a new set of data screen appears. 2. Enter the name for the practice. 3. Complete the path in the Enter the data path field. 4. Click the **Create** button. 5. Click the **Yes** button on the warning message. 6. Verify that there are no errors and the practice is created.
